

This site uses scalable vector graphics. If you cannot display some of the graphics, you can download the free [Adobe SVG Viewer 3.0](#).

For full functionality use the Microsoft Internet Explorer.

Instructions for the map

Zoom in

Press the "**Ctrl**" key and click once in the map to zoom in centered or drag a box over the particular area.

Zoom out

Press the "**Ctrl**" and the "**Shift**" key and click once in the map.

Panning

Press the "**Alt**" key and click in the map, hold down the mouse button, and drag in any direction.

Back to original view

Hyperlink

Click on the map to display data.

Note: Right-click in the map area to open the contextual SVG pop-up menu.

Tip: You can disable the "Higher Quality" option to cause the SVG image to display more quickly, but with lower quality.

Instructions for the legen

Turns theme on or off.

Theme hide due to scale.

Brings up the attribute table for the theme.

Brings up the query builder.

Click on arrows to scroll legend up and down.
