

Electrical Shutdown

Friday, August 5th at 5:00PM – Sunday, August 14th at 12:00PM

How this will effect faculty/staff/students?

- No power will be provided to any standard outlet
 - o Computers will not work
 - o Office lighting will not work
 - o Printers will not work
 - o Bathroom lights will not work

- Equipment indicated on the “Equipment Requiring Continuous Electrical Supply” will be the only equipment kept up and running throughout the electrical shutdown

- Life Safety devices will continue to be supported in Sabin-Reed, Burton Hall, McConnell Hall and Bass Hall
 - o Egress lighting within corridors
 - o Fire Alarm systems

- No air conditioning will be supplied within Sabin-Reed, Burton Hall, McConnell Hall or Bass Hall

- All Vivarium Areas will be supplied power, including air conditioning with exception to the Cage Washer and Autoclave

- Autoclaves on 4th floor of Sabin-Reed will not work

- Fume Hoods: Consolidation of chemicals, waste, etc. will need to be performed prior to the shutdown as limited fume hoods will continue to have their associated exhausts fans running throughout the shutdown.
 - o Fume Hood Locations are pending final determination with the design/build team

- Stock room within Sabin-Reed will not be open. Deliveries will not occur within Sabin-Reed, Burton and McConnell during the shutdown.
